

CALL FOR PAPERS

DOING IMMIGRATION DIFFERENTLY

21st National Metropolis Conference — Halifax Convention Centre, March 21-23, 2019

OBJECTIVES OF THE WORKSHOP PROGRAM

A main objective of the National Immigration Conference is to facilitate dialogue and exchange between researchers, government, and non-government (community and private) sector partners. For this reason, we strongly encourage you to include participants from each of the three sectors in your workshop proposal. Another objective of the workshop programme is to explore issues that are national in scope or that can be compared across the provinces and territories.

We encourage you to include participants from various regions of Canada to provide a comparative or national perspective on the issues being discussed in your workshop. We also encourage you to support the next generation of immigration and diversity researchers by including graduate students in your workshop. Please note that individual proposals will not be accepted; if you wish to make an individual presentation, please consider submitting a poster presentation.

WORKSHOP FORMATS

Workshops (90 minutes)

Workshops will usually consist of a minimum of three to a maximum of five presentations of approximately 15 minutes each followed by at least 20 minutes of discussion. Workshop rooms will be equipped with a laptop, screen, microphone and projector. Workshop organizers will preside over the session or designate another individual to do so.

Roundtables (90 minutes)

The roundtable format is suitable for more informal discussions of emerging issues or controversies. It is a very effective format for the exchange of information and experiences among a relatively small number of people. The organizer or designated person chairs the roundtable with up to a maximum of 7 other discussants. The 8 person limit per roundtable discussion is recommended because of the actual physical arrangement of the tables around which the discussions will take place. Extra chairs will be available. Please note that the roundtables take place in one large room, with multiple discussions taking place simultaneously and no audio-visual equipment will be made available.

Poster Sessions

Poster sessions provide an alternative format through which conference participants can share research which has not been otherwise presented. Posters should provide some conclusive results, even if preliminary. Poster presenters must provide their own display materials of a maximum of 4' high and 3.5' wide posters.

IMPORTANT POINTS TO REMEMBER

In order to open as many opportunities as possible for the most participants, we ask that:

- Organizers promote the participation of as many different presenters as possible.
- Participants may organize more than one workshop but on different topics.
- An organizer can choose to participate in additional workshops as a chair, participant or discussant.
- If you are listed as a presenter in more than one workshop, we may ask you to choose the workshop that you would prefer to participate in.
- Each person listed as an organizer, participant, chair or discussant in a workshop must register to the national conference either as a day or full conference participant and pay the applicable registration fees. Please inform your presenters of this requirement when inviting them to participate in your workshop.

If you are interested in presenting a paper, we strongly encourage you to solicit colleagues from your area of expertise in order to submit a workshop proposal. If you do not have the time or the contacts to put together a workshop proposal but you are still interested in presenting your paper, please consider selecting a "poster presentation option" format when prompted.
